

HARDING CLASHES WITH BYRNES IN JOINT HEARING

Heated Argument En-
sues When Former
Takes Stand

SAYS BANKS WILL
DO THEIR PART

(By The Associated Press)
WASHINGTON, Dec. 3.—The
congressional joint committee
hearing on the agricultural sit-
uation developed today into a
dispute, at times quite heated,
between Governor Harding of
the federal reserve board and
members of congress.

"Mr. Chairman what is the
purpose of this hearing?" Gov-
ernor Harding finally demanded,
while being questioned by Repre-
sentative Byrnes, Democrat of
South Carolina.

"Is the federal reserve board
on trial; am I on trial here?" he
continued, declaring he had been
a target for "all kinds of abuse."

Representative Byrnes said
he meant no reflection on Gov-
ernor Harding.

Circulars issued by the regional
reserve bank of Richmond,
Va., to member banks and which
Mr. Byrnes was attempting to
show had resulted in rigid re-
striction of farmers' credits were
under discussion.

Governor Harding said such
circulars were submitted to the
board until printed when they
were looked over, and at-
tention of the issuing regional
bank called to anything the
board deemed unwise.

The board, he added, was not
a central bank.

At one point Governor Harding
told Representative Byrnes, "I
ought to read the federal re-
serve act and try to understand
it."

Mr. Byrnes replied that he
did understand the act as he had
helped frame it.

Senator-elect Hefflin, of Ala-
bama, asked Governor Harding if
the lawmakers could issue a
statement to the public as under-
standing his testimony to be that
the reserve board was favorable
to banks extending all the credit
possible to farmers.

The federal reserve board pre-
fers to issue its own statements,
Governor Harding replied.

Approving efforts of the Rich-
mond bank to restrict loans for
non-essential purposes in 1919,
Governor Harding said.

"I know some banks in South
Carolina had been carrying large
loans on cotton, some since 1917
in the face of an active market."

"Holding such," he added,
on federal reserve banks,
was plainly speculating."

Banks Will Do Their Part.
Governor Harding declared
farmers need have no fear that
the banks would not do their
part and carry over loans on
stable crops for which there is
no market, provided the farmers
would make a fair statement of
their condition to the bankers.

He cited figures, which, he said,
showed there had been no re-
strictions on re-discounts of agri-
cultural paper.

Secretary Houston who pre-
ceded Governor Harding strongly
opposed projects to revive the
war finance corporation for the
purpose of financing sales abroad
of surplus farm products. Present
price declines were due to re-
adjustments following the war,

he said, and he saw no solution
for the problem, although the treas-
ury department had devoted
more thought to it than to any
other subject for the last two
months. In the course of his
testimony Governor Harding said
division of the 70,000,000
profits of the federal reserve
board for loans to cattle growers
would be more effective than if
applied to agriculture generally.

He had been asked as to his
opinion on the proposal of Sena-
tor Hitchcock for employment of
these funds for relief.

INDIVIDUALISM IS NEEDED IN THE PUBLIC SCHOOLS

This Statement Made by
President of Har-
vard

MUST DEVELOP
SUPERIOR CLASS

(By The Associated Press)
BOSTON, Dec. 3.—The intro-
duction of more individualism for
children in the public schools was
recommended by President Em-
eritus Charles W. Eliot of Harvard
University at the annual meeting
of the New England association
of college teachers of education
today.

If children cannot be classified
better than at present, he said,
the American free school cannot
be maintained as it was originally
established. It will become the
school of the lower grades of the
population because the classes will
not keep their children under the
public system with its slow pro-
motions.

They will send them to private
schools.

American educators have en-
couraged an erroneous notion
that "the objection of democratic
government is to average up the
population in intelligence as well
as in comfort," he added.

"In the public schools we have
held that it is right to hold to-
gether in the same class the
bright children and the dull chil-
dren. But that is not the true
object of democracy. As it has
been explained before the success
of democracy depends upon school-
ing leaving the citizen free to ob-
tain all the finest intellectual
fruits to develop the superior class
as well as the whole."

ROBBERS BOUND
THREE CLERKS

(By The Associated Press)
MINNEAPOLIS, Minn., Dec. 3.—
Police and post-office inspectors
tonight were without clues as to
the identity or whereabouts of
three young men who early today
held up the mail car of Train No.
6 on the Chicago, Milwaukee &
St. Paul railroad and obtained loot
variously estimated unofficially at
from \$25,000 to \$75,000.

The actual value of the mail
cannot be determined until regis-
try records and receipts are
checked over, which may take
more than a week, it was said.
Some of the loot taken was said to
be bonds and other papers being
sent by country banks to Twin
City banks.

The bandits entered the mail
car shortly after the train had left
Hopkins, near here, and bound
and gagged the three clerks. They
proceeded to rip open mail sacks
and after taking about 100 pieces
of mail dropped off the train as it
slowly down for a stop just inside
the Minneapolis city limits and es-
caped. Reports that the car
ahead contained more than \$500,-
000, guarded by two armed guards,
were denied tonight by officials,
who said only a small amount was
being carried.

IMPROVEMENT IN
TEXTILE INDUSTRY

(By The Associated Press)
GREENSBORO, N. C., Dec. 3.—Im-
provement in the textile industry
in the south was reported today
by W. J. Thackston, a cotton
manufacturer in a statement
which said substantial orders were
being received indicating resump-
tion of full operation of the mills
early next year. Reports from
leading manufacturers and com-
mission merchants of the south
prompted the prediction, he said.
One manufacturer said he had
some orders in hand which he
could fill from high priced cotton
with a considerable loss but which
would be an even break at the
present price of cotton and a low-
er wage cost.

Pan-American union there was

Sails On Battleship.
Mr. Colby will reach Old Point
Comfort about 8 o'clock tomor-

tleship Florida at about ten
o'clock. The long voyage to
Brazil will begin two hours later.

While the secretary is at
Hampton Roads, President-elect
Harding will arrive there aboard
the Liner Pastores from Panama,
but it is improbable that the se-
cretary and Mr. Harding will
meet as the president-elect plans
to go direct to Newport News.

In his farewell address to the
secretary of state, Ambassador
Mathieu said Mr. Colby "would
carry to the peoples and govern-
ments, before whom you will
represent, the eminent proof of
the United States, the eloquent
expression of a policy which has
opened new and broader horizons
of peace and at the same time,
strengthened our American
continent those sentiments of mu-
tual confidence and solidarity
which the American people have
inspired by reason of a moral
elevation even superior to their
material greatness."

In his reply, Secretary Colby
expressed his appreciation of
honor done him by the diplo-
mats.

CONDUCT BY LAW

President of Missouri Bar As-
sociation Says Some Things
Must Be Left to Individual
Choice of the Citizens.

(By The Associated Press)
ST. LOUIS, Mo., Dec. 3.—
There is a growing tendency to
regulate all business and human
conduct by law asserted Robert
Tamar of Houston, president
of the Missouri Bar association
in an address at the convention
of the association which opened
here today.

"It is not for us to say," he
added, "whether any law or con-
stitutional amendment is wise or
unwise but we do say that his-
tory has demonstrated and the
experience of humanity has
shown there are some things that
must be left to the individual
choice of the citizen."

The increase in crime was dis-
cussed by Frederick W. Leh-
mann, president of the St. Louis
Bar association, who declared
that laws made for the protection
of the innocent have become a
nuisance of escape for the guilty.

(By The Associated Press)
NEW YORK, Dec. 3.—Fake
magazines and civilians wearing
army uniforms fleeced thousands
of dollars from persons led to be-
lieve the contributions were for
the benefit of crippled soldiers
and sailors, it was alleged in a
federal indictment returned to-
day against S. Brewer. The in-
dictment charged him with using
the mails to defraud.

Several New York banks con-
tributed to Brewer's fund, raised
in the name of his personal or-
ganization the "Ex-Servicemen's
Cooperative League" said Federal
Attorney Mattuck.

His uniformed agents solicited
money in subway and elevated
stations and in office buildings.
They received 15 cents commis-
sion on every 25 cent magazine
sold, but the authorities did not
learn the size of the slice they
got from contributions.

Since the scheme began work-

HIGHER RATES
ON RAILROADS

Will Become Effective Next
Tuesday—Fare and Lower
Pullman to Chicago Will Cost
\$12.47.

Beginning next Tuesday the
railroads operating in Jackson-
ville will increase their passenger
rates to 3.66 per mile. Pullman
rates authorized some time ago
will also be in effect. This means
that the railroad fare from Civi-
lized to Jacksonville will be in-
creased from \$7 to \$8.42. The
charge for Pullman lower berth
will be \$4.05 instead of \$2.70
and for an upper berth \$3.24 in-

Pullman rates are increased by

RECEIVER IS APPOINTED FOR AIRCRAFT CONCERN

Lack of Protection is Given
as the Cause of
Failure

NO ENCOURAGEMENT
FROM GOVERNMENT

(By The Associated Press)
NEW YORK, Dec. 3.—The L.
W. F. Engineering company of
College Point, Long Island, a
\$1,000,000 aircraft corporation
today filed a petition for a vol-
untary receivership and federal
Judge Julius M. Mayer appointed
Ernest Whitebeck receiver.

Failure of the United States
government to give proper pro-
tection and encouragement to the
aircraft development was blamed
for the corporation's financial en-
barment in a statement autho-
rized by Receiver Whitebeck to-
night. He declared the United
States government had failed to
recognize its duty to the aircraft
industry in three ways:

"By permitting the 'dumping'
into this country of foreign sur-
plus aviation equipment; by de-
laying legislation which would
have accelerated commercial avi-
ation and by failing to place orders
for new equipment for naval and
military aviation which the na-
tional defense requires."

The L. W. F. company officials
said tonight is the eighth air-
craft company to go out of busi-
ness since the signing of the armis-
tice.

would not meet the present
crisis.

watchman and tying him to a
machine. The bandits, three in
number made their way into the

LEAGUE ASSEMBLY HAS MANY MINOR MATTERS TO SETTLE

Odds and Ends Are
Preventing Real
Work

DELEGATES ARE
ENTERTAINED

(By The Associated Press)
GENEVA, Dec. 3.—The Cata-
lans have asked the league of
nations to free them from Span-
ish rule; the Montenegrins repeat-
edly are appealing to the council
and assembly for the indepen-
dence of their country and for
relief from alleged cruelties of
Serbian troops of occupation and
against the almost innumerable
odds and ends in the league mail
are demands for a revision of the
treaty of Sevres. These and minor
complications are preventing the
council and assembly from push-
ing ahead with the big program
of the present meeting.

Meantime the financial commit-
tee of the twelve appointed to
continue the work of the Brus-
sels financial conference has been
diligently working out a plan for
an international institution. This
committee took the rough sketch
of the plan prepared by the Brus-
sels conference as a starting point
for its work. After twenty odd sit-
tings here it has virtually com-
pleted the draft of the plan,
which will be submitted to the
council in a few days. Announce-
ment of this progress toward a
practical solution of one of the
world's greatest problems is hail-
ed with the greatest satisfaction
by many delegates who had ac-
quired the impression that the
council was permitting the recom-
mendations of the Brussels con-
ference to rest in pigeon holes.

This was a quiet day among the
committees. A great many of the
delegates took the opportunity to
get some rest as most of them
are beginning to feel the effects
of the intense efforts made in the
work of the assembly and the
almost nightly entertainments the
delegates are given each other in
the process of making acquaint-
ances. Last night the delegates
were given a dinner by the South
Americans and tonight the French
delegation has arranged an elab-
orate reception. Swiss Societal or-
ganizations and authorities have
been so lavish in their entertain-
ments that some of the delegates
are beginning to wonder whether
the delegations will be able to
hold out until the end of the ses-
sions.

SAYS SINN FEINERS ARE PRO-GERMAN AND AID TO BOLSHEVISM

RUSSIAN SOVIET

(By The Associated Press)
PROVIDENCE, R. I., Dec. 3.—
Demarest Lloyd, president of the
Loyal Coalition, speaking on the
problems of Ireland, before the
Economic Club here tonight said:

"The Irish movement has been
definitely halted in the realm of
American politics, but it will con-
tinue to operate in one form or
another. The real object is not
primarily concerned with the Irish
republic or with Ireland. It is a
movement of disintegration be-
tween allied nations and particu-
larly the English speaking peo-
ples."

"That revolutionary activities
are Sinn Fein is perfectly logical,
but in addition to being pro-Ger-
man, the Sinn Fein movement is
an ally of Bolshevism. Both Sinn
Feinism and Bolshevism were pro-
German and anti-British during
the war. The present Russian re-
volutionary government is the only
one which has accorded an offi-
cial recognition to the Sinn Fein
republic. Bolshevism money has
been traced to England where it
was sent in the interests of Irish
and English revolutionists. Bol-
shevists in England have and ev-
erywhere are practically unani-
mous in their support of the Sinn
Fein. In America the Socialist
and Farmer-Labor parties are the
only ones which favor recognizing
the Irish republic."

It is said that those who wish to contract for buildings in 1921 are already able to secure substantial reductions in lumber prices. The cement men have announced some sharp reductions. This almost completes the list and almost every essential commodity has taken a price tumble. However, here are a few exceptions.

It is said that the farmers of the U. S. last year lost 112,000,000 bushels of wheat because of disease that could have been prevented.

ed. Farmers are not worrying over that fact now nearly as much as they would have a year ago. They are inclined to think there is too much wheat in the world even if the insects have made ravages.

One night recently there were at least 150 people waiting for a Wabash train at the Jacksonville station. Traveling is heavy on almost every incoming and outgoing train. Next Tuesday railroad rates will be increased from 3 to 3.6 cents per mile and there will be a 50 per cent increase in Pullman rates. These advances may make a temporary lull in passenger traffic but the chances are that within a few weeks' time the trains and stations will be as crowded as ever.

After all, the real question to settle for the farmers and to get them better prices for their grain is the financing of the nations overseas. In China millions are starving. In other countries there is a shortage of grain. If a way can only be found for opening up export business with these nations the demand will quickly take care of the difficult price situation.

The county commissioners are taking worth while action in considering some new plan for the operation of the county home. They have by no means decided upon their course, but intend to canvass the whole situation carefully and if possible to adopt a plan which will result in satisfactory care for the county wards and still result in a large saving by comparison with the present plan.

There is no denying that the maintenance of the county home under the present system is a very expensive program. Morgan county's financial condition warrants care and economy in expenditures.

MUST REACH AGREEMENT.
The constitutional convention by a close vote has decided to limit the representation of Chicago in the legislature. Similar action had already been taken with reference to the senate. It is to be hoped that some common ground between Chicago and downstate can be reached in this question of representation. If acute differences on the subject continue it will be a difficult matter to secure the adoption of the constitution at the election. If the work of the constitutional convention is approved there

things like those, I'd come home tired from honest labor, and when the evening meal was done, there would blow in a bunch of neighbors and we would have a harmless fun. Alas, I do not see them steering in my direction any more; since I got busy profiteering they all insist that I'm a bore. Each day I'm bringing home the bacon, I put another wad in brine; but I am lonely and forsaken, and how I miss those friends of mine! In other times the evening found me gay as a monarch on his throne, with all my loving aunts around me I'd sit and play the graphophone; then hearts were glad and smiles were sunny, and laughter made the windows shake; but now my thoughts are all of money, of extra dollars I can make. I care no more for helpful reading, the bars don't stir me worth a cent, to buy a martini, my thoughts are speeding, on useless scheme of profit bent. Old ways, old dreams are trampled under by this late mania of mine; the man whose mind is fixed on plunder gets out of touch with all that's fine.

NEW LIBRARIAN
COMES TO CITY
FIRST OF YEAR

Miss Elizabeth Porter Clark of Brooklyn, N. P., Engaged to Fill Local Vacancy.

Jacksonville public library is to have a new librarian, to fill the vacancy caused by the resignation some time ago of Miss Lydia M. Barretts, according to announcement given out Friday morning by officials of the library board.

The board has engaged Miss Elizabeth Porter Clark, who is at present first assistant in a department of the public library at Brooklyn, N. Y. Miss Clark will assume her duties as head of the local library on January 1st. She comes to this city with excellent recommendations from every place where she has been in library work during her twenty years of experience in that profession.

Miss Clark is a graduate of the Library school of the University of Illinois. She was five years an assistant in the public library at Evanston, Ill., where she had charge of the reference and school work departments. While at Evanston she was a member of the Illinois State Library association.

From 1902 to 1919, Miss Clark was head librarian of the Seymour Public Library at Auburn, N. Y., where she has a splendid record for efficient service. Auburn is a town of 37,000 people, and the library work there is quite large. In the Seymour library is a special endowed collection of 500 volumes, relating to engineering.

Since 1919, Miss Clark has been an assistant in the Brooklyn Public Library. She is a member of the American Library Association, and also of the New York State Library association, of which she was secretary for many years. While at Evanston, Miss Clark was a member of the Chicago Library club. She has also served on many state committees in the New York association.

The local library board considers itself fortunate in securing the services of Miss Clark as librarian here, and expresses the hope that the citizens of Jacksonville and patrons of the library will give her a cordial welcome.

Miss Clark gives as her reason for accepting the position here, her desire to work where she can come in closer touch with the people. She has been for many years connected with special departments, and now wishes to secure a place where she can enjoy the advantages of more general library work.

WILL OPEN NEW GRAIN OFFICE
A new commission firm is to have offices in the Ayers' bank building, and will begin business Saturday morning. Workmen are busy putting in the private telephone wires for the Simon-Day Commission company of Chicago, which is to have permanent quarters in 301 Ayers' building. This firm has offices throughout the state, in such cities as Galesburg and Quincy.

The local manager for the firm will be W. L. Breeding, who leaves the employ of the James E. Bennett Grain Commission company to assume the duties of his new position. He has been in this city a year, and during that time has held a responsible position with the Bennett firm.

It is understood that the Simon-Day company will also occupy the offices numbered 303 and now occupied by Atty. W. W. Wright. The new firm will take possession of these quarters just as soon as Mr. Wright can find new ones.

W. J. Ward, who formerly occupied the room at 301, has moved his collection agency to 707 Ayers' building, the offices formerly occupied by J. E. Osborne.

ILLINOIS PRESS OFFICIAL HELPS XMAS SEAL SALE
H. L. Williamson of Springfield Commends Efforts of Morgan Organization.
I have learned of your active connection with this year's sale of Christmas Seals in Morgan county and I want to pledge you my support in any way that I can be of service.

One way which occurred to me was a little note to the editors of your papers, pointing out the splendid progress which Illinois is making in the fight on tuberculosis and urging them to give you every possible help. I have already written such a letter. Can I do any more to help you?

It has been my experience that enterprises and movements which are really worthy will be amply supported, providing that a carefully built organization is formed for the purpose of making the canvass, this to be followed up of course by the right sort of publicity.

As I see it, lives actually depend upon your efforts in the Seal sale, and in consecrating your time and thought and energy in this great work for the next few weeks, you are giving a service to your community that can never be estimated in dollars and cents.

With my best wishes for your success, and again assuring you of my support in any way that I can help, I am,
Very truly yours,
H. L. Williamson,
Secretary-Treasurer.

I. B. Potter, formerly of this

later taught in Illinois College,
has recently been selected as su-
perintendent of the public
schools of Dixon. Mr. Potter
went to Dixon last year as prin-
cipal of the high school and his
promotion shows that he is mak-
ing good in his chosen work. He

is a son of Mrs. Eva Potter of
South East street. The Dixon
paper has the following story
relative to his appointment:

"The Board of Directors of the
Dixon schools has appointed
Prof. I. B. Potter as superinten-
dent of schools in this city to fill
the vacancy caused by the death
of Superintendent Roeder. Mr.
Potter served last year as prin-
cipal of the south side high
school and has established a very
fine reputation with the parents
and students of the Dixon
schools.

"Prof. Potter came here from
Jacksonville, Ill., where he was
instructor of mathematics in Illi-
nois College for four years. Be-

fore that he was principal of the
high school in Shelbyville, Ill.
He has had four years of high

TWO WEARY PILGRIMS

It is said in holy writ that the
way of the transgressor is hard
and the same may sometimes be
said of honorable, up right men
pursuing their legitimate calling
as was the case yesterday with
two gentlemen who arrived in
the city travel stained with mud.
They were E. J. Simmons and W.
A. Sprinkell of Springfield. They
were fair and square traveling
men who had gone from Exeter
to Bluffs and Bluffs to Jack-
sonville and meant to make Spring-
field by night. They had a new
Buick runabout and were likely
to reach their goal but the re-
marks they made of men who

would undertake such a journey
were not wholly complimentary
but they said it so no fault could
be found.

A CLEAR COMPLEXION
Ruddy Cheeks—Sparkling Eyes—
Most Women Can Have
Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F.M. Edwards for 17 years treated
scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.
These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—new and then just to keep them fit.

ILLINOIS SOIL EXPERTS INVEST IN SOUTHEAST MISSOURI LAND
(From St. Louis Post-Dispatch.)
The Himmelsberger-Harrison Land Selling Co., of Cape Girardeau, Mo., reports several notable sales of farm land. This company has in the past few years sold nearly 100,000 acres of overgrown lands in Southeast Missouri, the greater part of which has been put in cultivation. The new settlers largely from Central and Northern Illinois.
Among recent buyers of land in Southeast Missouri, according to Julien N. Friant, treasurer of the company, are several soil experts of the Agricultural College of the University of Illinois, including Dr. W. L. Burlison and W. C. Coffey. Prof. Henry P. Rusk and I. A. Medden, all of whom bought in the western part of New Madrid county.
"Each of them made a personal investigation of the soil and country, and Dr. Burlison was especially enthusiastic," Friant said. "His expectation of rapid development being based upon the fact that drainage work is about completed and hard roads being built in every county, each one of which has voted road bonds on its own hook, the total being about \$3,000,000. An intensive campaign is on that is expected to make Cape Girardeau county one of the centers of pure-bred Guernsey cattle, and of the dairying and fruit-raising industry."

NEW OFFICERS TO BEGIN WORK
The recently elected county officers are to enter upon their duties Monday, Dec. 6, in accordance with the law. As State's Attorney Robinson succeeds himself, there is no change in that office. Mr. Robinson has filed bond with J. W. Leach as the surety.
Frank Wanamaker, elected circuit clerk, will enter upon his duties as will Reaugh Jennings, whom he has appointed as deputy. He has chosen to give a surety company bond.

Co-operating with the county board, Mr. Wanamaker has arranged with Charles W. Boston, retiring circuit clerk, to remain in the office for a time in order that the incoming clerk may have the advantage of his experience. The change in this office comes at a time when the circuit court is in session and therefore one of the busiest times of the year in that office.
County Commissioners Mawson and Osborne have already entered upon their duties.

PEOPLE MAKE THEIR OWN GOVERNMENT

Adj. Gen. Dickson Made Forceful Address Emphasizing Responsibility of the Individual Citizen.

F. S. Dickson, adjutant general of Illinois, made the address at the meeting of the brotherhood of Central Christian church Friday night. Seventy-five members of the brotherhood, together with a number of visitors heard the remarkably inspirational address—a plea for a realization of individual responsibility in government.

Frank Byrns is president of the brotherhood and presided last night. Dr. C. C. Patchen is the secretary and the reading of the minutes came after the wives of the members of the organization had served a splendid dinner.

Gen. Dickson who has held his present position for nearly 20 years, is one who speaks with authority and his auditors last night were deeply impressed

with the thought that these present days make a special demand for loyalty and service. The speaker expressed his belief that during the coming 12 months this government will face the gravest problems and situations that it has met for years, and for this reason the paramount need is loyal and devoted citizenship.

Sinister Influences at Work.
Gen. Dickson emphasized this point with the statement that today there are 50,000 citizens of Cook county who are under a solemn agreement to do their utmost to overthrow the U. S. form of government. These people are sympathizers with the Russian soviet and it is their wish and purpose to overthrow orderly government and have Russian rule in its stead.

It is seldom that a Jacksonville audience has had the pleasure of hearing a speaker of Gen. Dickson's eloquence. He has a mastery of words which command instant attention. With the flowery fluency of the south there is blended hard practical common sense and every one who heard him last night was convinced thru his argument that the day is at hand when the citizen must recognize his individual responsibility if the government is to live.

"No man," said Gen. Dickson, "has a right to share in the benefits of our orderly, beneficial government if he is unwilling to do his part in maintaining the government. After all, government in a large way is just the composite whole of community governments, and the people secure those rights which with awakened conscience they guarantee to themselves."

The speaker summarized the need of the hour as individual and national sanity. While there should be a proper concern about international affairs, the fact of greatest moment is the home condition. He said the city that appeals for federal or state troops in time of race or industrial disturbances does an almost irreparable damage to that community, if this appeal for outside aid is given except after every resource has been exhausted for local settlement of the difficulty.

Home Rule Is Best.
As a case in point, the adjutant general told of experiences of the city of Waukegan in the great steel strike a year or two ago. It can be stated in this connection to the credit of Illinois that during all that four months' strike that no troops were employed, and the list of acts of violence was negligible. In other states where larger numbers of steel plant employees

are involved and troops were used, the disturbances were far more serious. In Waukegan a mob assembled and the sheriff after swearing in a few deputies telegraphed to the governor for state troops. Then the adjutant general went to the city, advised with the sheriff and business men with the result that the petition for troops was withdrawn and 400 business men served as deputy sheriffs. The point was that these men were made to see that the duty of maintaining law and order in Waukegan belonged to them. The city was theirs and having enjoyed the rights of citizenship, it was their duty to leave no stone unturned in the effort to restore respect for law. With that spirit engendered, public disturbances ceased almost immediately and during the succeeding months of the strike good order prevailed without the necessity of a single arrest.

Altogether Gen. Dickson made a very forceful plea for militant citizenship and the brotherhood felt very fortunate in having secured his presence.

WATER COMMITTEE IS SOON TO FINISH WORK

Hope to Close Up All Business by Jan. 1st — Money Not Yet Paid by Subscribers Is Needed.

The citizens water committee, of which Dr. J. R. Harker is chairman, will make a special effort to complete its work before the first of January. There have been various matters relating to the Mauwaister lake property and the road improvements which have required months for their completion. It was only at a very recent date that the road work was finished by Contractor Williamson. In accordance with the agreement between the county and the city, the expense for this work is being borne jointly. Some fencing work remains to be done, and when this and the road work has been paid for the committee will feel that its work has been finished and the committee will automatically cease to exist.

Because of the necessary delays in completing the work, the committee has not up to this time been able to determine just the amount of money that will be necessary to meet these final expenditures. Now, however, they have the bills in their hands and find that payment into the fund of approximately \$4,500 will be necessary.

A number of the subscribers to the original fund did not make the expected payments and all such subscribers are now urgently requested by the committee to visit their banks and make the deposit to the credit of the trustee, or to go direct to J. J. Kelly at the Avers National bank and make payment for the bonds, which will then be issued to them.

If those who made pledges and up to this time have not taken the bonds do not do so at an early date, it will be necessary for the committee to seek new subscriptions, as the additional fund of \$4,500 must be raised. This does not mean that the total expenditures have been above the original estimate but that the present shortage is occasioned by the failure of a number of subscribers to make the expected payments.

WORK IS STOPPED ON YOUNG GARAGE

Work has been stopped on the Young garage on South Main street where Wells & Sons have the contract for brick work. The concrete foundation was completed a number of days ago and the work of laying brick began. The walls are now about 4 feet high. At this juncture, acting on the protest of the carpenter's union, the brick layers and carthaulers neither will work on jobs where non-union labor is employed.

It seems that the forms for the concrete foundation for this building were not made by union carpenters and it is for this reason that the carpenters union now claims that the building operation should be put on the unfair list.

Since the foundation is completed and a part of the brick work has been done, it is quite likely that there will be some early solution to the present difficult position.

A LONG TIME RESIDENT
Uncle George Tandy is down
from Decatur for a visit with
Joseph and Herbert Capps and
other Jacksonville relatives and
friends of whom he has a great
many. Not long since the gen-
tleman celebrated his 88th birthday
and is wonderfully spry and ac-
tive for one of that age. His
father moved to Jacksonville
when the son was two years old
and this has really been home
of the latter ever since, though
the death of his wife, fifteen
years ago, he has made his home
with his children each of whom
is glad to have him as a member
of the household. One daughter
